

HANDS OFF APPROACH CASE STUDY

Challenge:

New JCAHO rules presented an administrative challenge at a College Campus located in South Carolina involving student screening requirements and reporting systems with over 16 different programs and 7 campuses managing became a daunting task.

Solution

CollegeScreen developed a comprehensive student driven system that addressed student screening, drug testing, consent, coordination, review and archiving of background information.

Results

The school now complies with all JCAHO requirements while meeting its contractual obligations with various healthcare facilities with new electronic consent and online processing.

REDUCED RISK DROPS RIGHT TO THE BOTTOM LINE.
